

Great Oaks Legacy Charter School **Federal American Rescue Plan Act ESSER Use of Funds**

Introduction

As announced in the New Jersey Department of Education (NJDOE)'s [April 28, 2021 broadcast](#), in March 2021 President Biden signed the Federal [American Rescue Plan \(ARP\) Act](#), Public Law 117-2, into law. The ARP Act provides an additional \$122 billion in Elementary and Secondary School Emergency Relief (ARP ESSER) to States and school districts to help safely reopen, sustain the safe operation of schools, and address the impacts of the COVID-19 pandemic on the nation's students. As with the previous ESSER funds available under the Coronavirus Aid, Relief and Economic Security (CARES) Act, and the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), the purpose of the additional funding is to support local educational agencies (LEAs) in preparing for and responding to the impacts of COVID-19 on educators, students, and families. Additional information on ARP ESSER may be found in the NJDOE's [funding comparison fact sheet](#).

LEA Plan for Federal American Rescue Plan Act ESSER Use of Funds

LEA Name: Great Oaks Legacy Charter School
November, 2021

1. The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning;

[Funds will be used to retrofit existing school buildings to increase air circulation and quality and HVAC system performance and longevity.](#)

2. How the LEA will use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year;

[Funds will be used to provide high-dosage daily tutoring to help students recover from learning loss, to hire intervention personnel, and to provide for after-school and summer intervention services.](#)

3. How the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act;

Funds will be used to maintain continuity of services despite families' reticence to return to in-person learning at the same rates as prior to the pandemic.

4. How the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students. Under this requirement, an LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions.

These interventions are grounded in the mission, vision, and core values of the Great Oaks Legacy Charter School. Stakeholders have been engaged throughout the development of this plan through meetings across our organization and opportunities for public comment at public Board meetings.

5. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

These populations have been included in the ongoing engagement work done by GOLCS.
